OPTIMISED FOR HIGH PERFORMING GEO-SEISMIC VEHICLES

PRIMEX
EXPERT FOR THE EXTREME

- Extra load-carrying capacity
- High vibration absorbant characteristics
- Long tire life across terrains

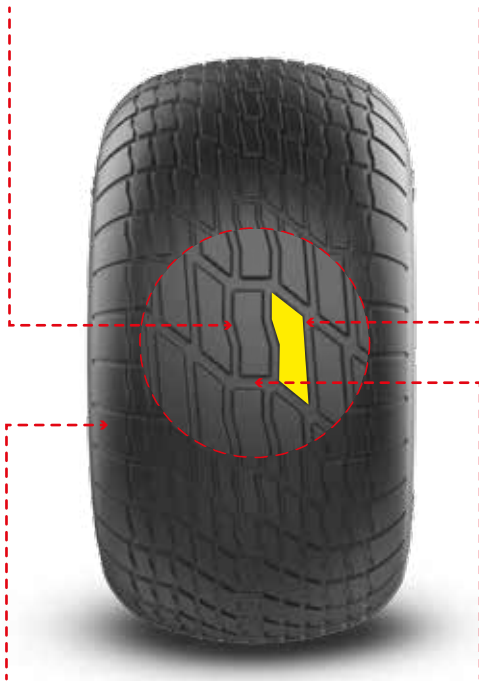

GEOMASTER

Geo-seismic vehicles run on multiple terrains that range from soft desert to hard rocky surfaces. Moreover, to transit vast regions the vehicles move from region-to-region plying both ON/OFF road with equal ease. Primex Geomaster provides optimal traction in all terrains and conditions, it's robust construction provides high flotation and self-cleaning characteristics making it an ideal choice for geo-seismic vehicles.

Non-directional rib pattern for optimum traction

More contact area for less contact pressure

Robust nylon casing for tough applications

Open shoulder for better self-cleaning & traction
